ARGUS Camera instruction Manuals - Butkus
The C3 is more versatile than you would think at first glance; the lenses are actually interchangable and you could realistically build a kit around the Brick. A manual I have outlines the use of a telephoto lens (100mm), wide angle lens (35mm), and the Argus Variable Power Viewfinder, which views in 35mm, 50mm, and 100mm with built-in parallax adjustment.

Argus C3 - Matt's Classic Cameras
Argus C3 Matchmatic The series began in 1938 with the Argus C, equipped with a rangefinder which was not coupled to the lens. Focusing a C is a two step process, first finding the distance using the built-in rangefinder, then focusing the lens by rotating it until a scale on the side matches the distance given by the rangefinder.

The two-tone leatherette C3 Match-Matic was produced between 1958 and 1966, and its retro styling still appeals to many collectors' eyes today. But beneath the skin, the Match-Matic is largely the same old Argus "brick" sold since 1938 (and discussed further in the Argus C3 article.). The cosmetic makeover may been influenced by 1950s automobile styling from Detroit, a near neighbor to the ...

Argus Match-Matic C3 - Camera-wiki.org - The free camera ...
The C3 features a three-element 50mm f/3.5 Argus Coated Cintar lens and coupled rangefinder. Similar to a Leica or Contax of its day, the rangefinder window and viewfinder are separate. The rangefinder is a split image, though, as opposed to being superimposed.

Argus Match-Matic C3: America's beloved awkward box ...
The text below is taken from the Argus C3 instruction manual, which proved to be all I needed for acceptable image sharpness. Yet, if that doesn't work, more advanced instructions about correcting the rangefinder settings by removing a small circular dial on top of the camera can be found online. Top view of the Argus C3.

Classic Cameras: My Dad's Argus C3 | B&H Explora
The Argus C3 camera was the first 35mm camera I ever had.My father gave me his camera when I was about 10 yeard old and I used it for many years, including honors photography courses in Chicago. Although the camera was a rangefinder and was faitly primitive in many regards, I learned so much about photography when I used it.
